PERSONAL GRAPHICS.

Saturday's Daily.

The Exchange Bank building is receiving a new coat of paint. Mr. T. S. Buzzard, of Ann Arbor, Mich., is here to see his brother, who has been lying quite ill for some weeks. Mrs. Lon and D. C. Ammerman are visiting friends and relatives in this city. The latter, a former resident of Kirksville, has many warm friends among the older residents. They are stopping with their father-in-law, Mr. W. O. H. P. Ammerman.

Monday's Daily.

A card from Prof. Baldwin, Huntsville, Texas, states that the school there is opening grandly. That they like Texas, but that it is lonesome a thousand miles away from all their old friends.

Mrs. Sarah Broyles who got the judgment for \$3,000 against the town for injuries received upon the sidewalk has become a raving maniac and will be sent to the asylum.

Mr. Thomas Caskey, who holds a situation at the Hannibal lumber yards, is spending a few days in Kirksville.

Tuesday's Daily.

Rev. Geo. E. Dew goes to Moberly this week to take charge of the Christian church at that place. We regret to lose Mr. Dew from our midst, both as a citizen and a minister. The good wishes of a wide circle of friends will go with him to his new field of labor.

Prof. Hamill and daughter gave readings in Trenton this week. The professor now dates from Chicago.

Mrs. Broyles was sent to the insane asylum yesterday evening. Dr. Sage has sold his mill at Sloan's Point to the Moyers.

Wednesday's Daily.

Rev. M. A. Butler of Luray, and Rev. J. S. Ware of Queen City, passed through town today on their way to Edina to attend the District Conference of the M. E. church.

Dr. Ellis and wife were in town today.

Some talk of new democratic paper in Kirksville.

J. M. Brown, of Brashear, has been town a portion of this week.

Thursday's Daily.

Miss Ida Griggs is going to Kansas City to visit friends in a day or two.

A. L. Woods has been away from town for several days. He went to Kansas on business.

We are glad to see our jolly friend J. Edmonston back to regular business again. He had been in poor health for a week or two.

Friday's Daily.

Another large consignment of new type just received at this office. Train went out to Edina this morning.

The Graphic job office turned out a large job of printing for Humphrey's this week. Humphrey's is the new name for Haley City.

A man named Van Handing was up before Squire Richey this week charged with "taking" ties. Appearance was against him. He pleaded guilty and was fined \$5 and costs.

Our thanks are due Mr. G. W. M. Governor for late Silver Cliff, Colorado papers containing interesting particulars in regard to mining and other enterprises in which he is interested. We see that he is secretary of a new town and mining company called the "Hidalgos."

The Common School Visitor since its enlargement is meeting with what begins to have the characteristics of a "boom."

We have now a clear and explicit definition of the Democrat's idea of what constitutes a news item. It is a death or obituary notice. The Graphic pleads guilty of sometimes being behind the Democrat in the publication of obituary notices. In fact every issue of the Democrat is a fair sample of neurological literature, and is about as lively reading as a first class obituary.

Saturday's Daily.

Parties who so ingeniously stop up the holes in silver quarters, halves, and dollars, and thus succeed in passing them off at full face value, are probably not aware that it is a species of counterfeiting and might get them into trouble. Don't do it. A leading merchant of this place informs us that he is constantly annoyed by this practice, and that he is getting very tired of it. If a dollar is mutilated so that it is only worth seventy-five cents, it is not honest to pass it off in disguise for full value. Better examine your change and refuse to receive mutilated coin at once, and then they will gradually disappear from circulation.

Miss Nettie Adams is a handsome and talented actress for leading parts. Her rendition of Helen Faraday was splendid.

Mendell & Thompson is the name of the new insurance firm to succeed Thatcher & Thompson.

We learn that most of the wheat fields covered by the late flood on the Chariton have not been injured except in small patches where there was a decided current to wash out or cover up the original ground.

Sunday's Daily.

The Chariton river is nearly within banks again.

BIG FIRE IN UNIONVILLE.

The East Side Burned out.
